*** OOOOOPS**

*** Please note - There was an error in the newsletter we mailed last week. In an effort to make certain that all of the important details were included, we used the information**

about the meeting and dinner from last year's newsletter. And then we failed to correct the date. We hope that it was not confusing. We hope to see you on June 22 !

Crime Update

A resident in our area had some items taken from her garage. The garage door was open, the items were visible, and the garage was accessible from the street. Some crimes of opportunity can be halted if it is possible to reduce the visibility and accessibility. Locking doors and gates, storing items so that they are less attractive to passers-by may be helpful.
